Danny

Out of all the difference Conference Chairs we have the DAX is most reasonably priced, wears well, and fits in any setting, please forward to Architect's.

Suzanne

I just heard from Andy at the McClean Group and he left a message that Allseating will make the DAX Conference Chair for us. I will have to pass this on to the Architect's.

Thanks

It was nice talking to you also. I just spoke with Andy McLain, Allseating's representative in DC. He said he would give you a call to schedule the repair work for the parts that you have that need to be installed.

We will also be reviewing the information you provided on the Dax chair and will be in contact with you regarding the options available.

Suzanne

It was nice talking to you. As I said when we spoke, we like the DAX chair as a conference chair we would use through-out the Commission. We are in the beginning faze of a total building renovation and re-fit of furnishings. Can you find out why DAX was discontinued?

What do you have that is similar?

Thanks
